

MALARIA, TUBERCLOSIS AND HIV/AIDS

(RECOMMENDATION NO. PAP – REC. 005/2006)

The Pan African Parliament, (PAP):

CONSIDERING that, Malaria, Tuberculosis and HIV/AIDS remain the major killer diseases on the African Continent;

AWARE that, these diseases pose a major threat to the national and continental socio-economic-political development, peace and security;

FULLY SUPPORTING the Abuja Declaration for the accelerated action towards eradication of Malaria, Tuberculosis and HIV/AIDS.

HEREBY RECOMMEND, THAT:

The Member States of the AU should introduce legislation in their National Parliaments as well as mechanisms for monitoring the control of Malaria, Tuberculosis and HIV/AIDS.
