2. Declaration of growing areas.

- (1) The Minister may, on the advice of the commissioner, by statutory instrument, declare any area of land to be a growing area.

(2) No person shall grow tobacco for sale in any area other than in an area declared under subsection (1) to be a growing area.

3. Registration of growers.

Any person who wishes to grow tobacco for sale in an area declared to be a growing area shall apply to be registered as a grower in accordance with regulations made for that purpose under section 17.

4. Distribution of tobacco seed.

(1) The commissioner shall cause to be distributed to growers through such persons as he or she shall authorise in writing tobacco seed for the purpose of planting.

(2) No person, other than a person authorised by the commissioner in writing, may distribute tobacco seed to any grower for the purpose of planting.

(3) No person, except with the permission in writing of the commissioner, shall plant tobacco seed which has not been distributed by or on behalf of the commissioner in a growing area.

(4) A grower shall receive tobacco seed from the person authorised by the commissioner in such quantities as the person distributing the seed may determine in proportion to the acreage for which he or she has been registered.

(5) Tobacco seed distributed under the provisions of this section shall be distributed free of cost to the grower unless the Minister otherwise directs.

(6) Nothing in this section shall apply to any tobacco seed which is grown for domestic consumption.

5. Pest control.

(1) Where an inspecting officer is satisfied that any tobacco seed is harbouring tobacco pest or disease of such a nature that the tobacco seed should be destroyed immediately, he or she may enter upon any premises where the seed is stored and without any notice destroy the seed immediately.

(2) The commissioner may, by notice in writing, direct the owner or any person having charge of tobacco seed which is harbouring or is likely to harbour pests or diseases to destroy the tobacco seed within a specified time and in such manner as he or she may order.

(3) An inspecting officer may enter any premises in which there is stored any tobacco seed in respect of which a notice has been given under subsection (2) and destroy the tobacco seed immediately if the person upon whom the notice has been served has failed to comply with its directions.

(4) No compensation shall be payable in respect of any tobacco seed destroyed by virtue of this section.

6. Destruction of tobacco plants.

- (1) The commissioner may, by statutory instrument—
- (a) declare a date prior to which in any year, tobacco plants in any specified growing area shall be uprooted and destroyed and prescribe the manner in which the destruction may be done;
 - (b) declare a date which shall be later than the date specified under paragraph (a) of this subsection before which no tobacco shall be planted in a growing area.

(2) Upon the publication of the instrument, every occupier of land in that area shall uproot and destroy in the manner prescribed by the commissioner in the instrument all tobacco plants growing at the time or which may grow during the time between the date declared for uprooting and the date declared for planting tobacco.

(3) The commissioner may in the same or any other statutory instrument exempt any person from compliance with the provisions of the instrument published under this section if he or she is satisfied that this exemption is desirable for the purposes of scientific or experimental work.

Marketing of tobacco.

7. Declaration of markets.

(1) The Minister may, by statutory instrument, establish tobacco markets within a growing area for the buying and selling of tobacco from or

by a grower.

(2) No grower shall sell tobacco to a buyer and no buyer shall buy tobacco from a grower at any place other than at a tobacco market declared under subsection (1).

(3) Subject to section 8(1) and (4), nothing in this section shall be construed as affecting the rights of a cooperative union or a cooperative society to collect tobacco grown by its members within a growing area in which it operates.

8. Tobacco buying licence.

(1) No person shall buy tobacco unless he or she has a valid licence issued by the Minister.

(2) The Minister may on application being made to him or her and on payment of the prescribed fee issue a licence to a person who satisfies him or her that he or she is a suitable person to hold such a licence.

(3) A licence issued under this section—

- (a) shall be valid only for the buying season in respect of which it is issued;
- (b) shall not be transferable except with the Minister's written permission; and
- (c) may be cancelled or suspended by the Minister on the ground that the holder has not complied with any condition attached to the licence or that he or she has been convicted of an offence against this Act or of an offence involving dishonesty or fraud or for any other sufficient reason.

(4) Where the Minister is satisfied that a licence is lost or destroyed, he or she shall on the payment of the prescribed fee issue a duplicate licence.

(5) The Minister shall, before a buying season begins, by statutory instrument, publish the number of licences which may be issued in respect of each tobacco market.

9. Fixing of prices and seasons.

(1) The commissioner may, by statutory instrument, declare the date

on which the buying of tobacco in any growing area shall begin and cease.

(2) The Minister may, by statutory instrument, fix in respect of every buying season either the actual or the minimum price at which tobacco may be bought or sold in any tobacco market within a growing area.

(3) Whenever the Minister has, in accordance with subsection (2), fixed the actual or minimum price at which tobacco may be bought or sold, the buyer shall compute the total amount of money payable for the tobacco involved in any one transaction by multiplying the total weight of the tobacco offered for purchase—

- (a) by the actual price specified under the instrument; or
- (b) by the price offered by the buyer not being less than the minimum or greater than the actual price fixed under the instrument, as the case may be,

and where the amount so computed is not a multiple of five cents, the multiple of five cents nearest to that amount shall be the amount payable to the seller for the tobacco offered for purchase and, accordingly, any such payment shall not be an offence.

(4) It shall not be lawful for any person, or a cooperative society or a cooperative union to collect, buy or accept delivery of any tobacco for sale from a grower except during a buying season declared under subsection (1).

Financial provisions.

10. Tobacco cess.

(1) The Minister may, by statutory instrument, impose a cess at such rate as he or she may determine on the purchase by a licensed tobacco buyer of any type of tobacco purchased by the buyer in a growing area.

(3) The fund established under subsection (2) shall be deemed to be a fund to which section 16 of the Public Finance Act shall apply.

(4) The Tobacco Development Fund shall be used for such purposes connected with the development of the production of tobacco, research into

the production of tobacco, processing and marketing of tobacco and the promotion of the sales of tobacco as the Minister may determine.

(5) Without prejudice to any other method of collection or recovery, cess which has become due and payable shall be deemed to be a debt due to the Government recoverable by civil action.
