mineral or petroleum undergoes processing (as defined in section 1 of that Act) or manufacturing;

**“person”** includes an insolvent estate, the estate of a deceased person and a trust; **“refined mineral resource”** means a mineral resource—

(a) listed solely in Schedule 1; or

(b) listed in Schedule 1 and Schedule 2 that has been refined to or beyond the condition specified in Schedule 1 for that mineral resource;

**“Republic”** means the Republic of South Africa and includes the sea as defined in section 1 of the Mineral and Petroleum Resources Development Act;

**“royalty”** means the royalty imposed by this Act;

**“transfer”** means—

(a) the disposal of a mineral resource;

(b) the export of a mineral resource; or

(c) the consumption, theft, destruction or loss of a mineral resource, other than by way of flaring or other liberation into the atmosphere during exploration or production,

if that mineral resource has not previously been disposed of, exported, consumed, stolen, destroyed or lost;

**“unrefined mineral resource”** means a mineral resource—

(a) listed solely in Schedule 2; or

(b) listed in Schedule 1 and Schedule 2 that has not been refined to or beyond the condition specified in Schedule 1 for that mineral resource;

(2) Unless the context indicates otherwise, a word or expression to which a meaning has been assigned in the Administration Act bears that meaning for purposes of this Act.

**Imposition of royalty**

20

25

2. A person that wins or recovers a mineral resource from within the Republic must pay a royalty for the benefit of the National Revenue Fund in respect of the transfer of that mineral resource.

**Determination of royalty**

3. (1) The royalty mentioned in section 2 in respect of the transfer of a refined mineral resource is determined by multiplying the gross sales of the extractor in respect of that mineral resource during the year of assessment by the percentage determined in accordance with the formula in section 4(1).

30

(2) The royalty mentioned in section 2 in respect of the transfer of an unrefined mineral resource is determined by multiplying the gross sales of the extractor in respect of that mineral resource during the year of assessment by the percentage determined in accordance with the formula in section 4(2).

35

**Royalty formulae**

4. (1) The percentage mentioned in section 3(1) is—

0.5 + [earnings before interest and taxes/(gross sales in respect of refined mineral resources x 12.5)] x 100.

40

(2) The percentage mentioned in section 3(2) is—

0.5 + [earnings before interest and taxes/(gross sales in respect of unrefined mineral resources x 9)] x 100.

(3) (a) The percentage determined in terms of subsection (1) must not exceed 5 per cent.

2. Motho yo a thopago goba a utullago mothopo wa minerale go tšwa ka Repabliking o swanetše go lefa tšelete ya royalithi gore Sekhwama sa Letseno la Ditšelete sa Bosetšhaba se holege mabapi le phetišetšo ya mothopo woo wa minerale.

### Go hwetša tekano ya royalithi

3. (1) Royalithi ye go boletšwego ka yona karolong ya 2 ya mabapi le phetišetšo ya mothopo wa minerale wo o hlwekišitšwego e laolwa ke go atiša dithekišo ka moka tša morafi tša mabapi le mothopo woo wa minerale ngwageng wa tekolo ka persente ye e hwetšwago ka go latela fomula ye e lego karolong ya 4(1).

(2) Royalithi ye go boletšwego ka yona karolong ya 2 ya mabapi le phetišetšo ya mothopo wa minerale wo o sego wa hlwekišwa e laolwa ka go atiša dithekišo ka moka tša morafi tša mabapi le mothopo woo wa minerale ngwageng wa tekolo ka persente ye e hwetšwago ka go latela fomula ye e lego karolong ya 4(2).

### Difomula tša royalithi

4. (1) Persente ye go boletšwego ka yona karolong ya 3(1) ke—  
0.5 + [letseno la pele ga tswala le metšhelo/(dithekišo ka moka tša mabapi le methopo ya dimineral tše di hlwekišitšwego x 12.5)] x 100.

(2) Persente ye go boletšwego ka yona karolong ya 3(2) ke—

0.5 + [letseno la pele ga tswala le metšhelo/(dithekišo ka moka tša mabapi le methopo ya dimineral tše di sego tša hlwekišwa x 9)] x 100.

(3) (a) Persente ye e hwetšwago go latela karolwana ya (1) ga se ya swanelo go feta dipersente tše 5.

RESOURCES ROYALTY ACT, 2008**

(b) The percentage determined in terms of subsection (2) must not exceed 7 per cent.

**Earnings before interest and taxes**

**5.** (1) For purposes of the formula in section 4(1), “earnings before interest and taxes” in respect of a year of assessment means the aggregate of—

- (a) the gross sales of the extractor during that year in respect of refined mineral resources; and 5
- (b) so much of the amount allowed to be deducted from income in terms of the Income Tax Act (whether in that year or a previous year of assessment) in respect of the use of assets, or expenditure incurred, directly in respect of mineral resources transferred on or after 1 May 2009 to win, recover and develop those mineral resources to the condition specified in Schedule 1, as is included in the income of the extractor during that year of assessment in terms of section 8(4) of that Act (disregarding the exception in respect of section 15(a) of that Act), but not including an amount that is received or accrued from the disposal of assets the cost of which has in whole or in part been included in capital expenditure taken into account as mentioned in the definition of “capital expenditure incurred” in section 36(11) of that Act, 10 less any amount which in terms of that Act is allowed to be deducted from the income of the extractor during that year of assessment in respect of assets used or expenditure incurred directly to win, recover and develop those refined mineral resources to the condition specified in Schedule 1 for those mineral resources. 15

(2) For purposes of the formula in section 4(2), “earnings before interest and taxes” in respect of a year of assessment means the aggregate of—

- (a) the gross sales of the extractor during that year in respect of unrefined mineral resources; and 25
- (b) so much of the amount allowed to be deducted from income in terms of the Income Tax Act (whether in that year or a previous year of assessment) in respect of the use of assets, or expenditure incurred, directly in respect of mineral resources transferred on or after 1 May 2009 to win, recover and develop those unrefined mineral resources, as is included in the income of the extractor during that year of assessment in terms of section 8(4) of that Act (disregarding the exception in respect of section 15(a) of that Act), but not including an amount that is received or accrued from the disposal of assets the cost of which has in whole or in part been included in capital expenditure taken into account as mentioned in the definition of “capital expenditure incurred” in section 36(11) of that Act, 30

less any amount which in terms of that Act is allowed to be deducted from the income of the extractor during that year of assessment in respect of assets used or expenditure incurred directly to win, recover and develop those unrefined mineral resources to the condition specified in Schedule 2 for those mineral resources. 40

(3) For purposes of subsections (1) and (2), “earnings before interest and taxes” is determined without regard to—

- (a) any deduction in respect of a financial instrument as defined in section 1 of the Income Tax Act (other than an instrument that is an option contract, forward contract or other instrument the value of which is derived directly or indirectly with reference to mineral resources); 45
- (b) any deduction allowed in terms of section 11(a) of the Income Tax Act in respect of the royalty;
- (c) (i) in the case of mineral resources refined to the condition specified in Schedule 1 for those mineral resources, any deduction for expenditure 50

(b) Persente ye e hwetšwago go latela karolwana ya (2) ga se ya swanelā go feta dipersente tše 7.

### Letseno la pele ga tswala le metšhelo

**5.** (1) Mabakeng a fomula ye e lego karolong ya 4(1), "letseno la pele ga tswala le metšhelo" la ngwaga wa tekolo le ra palogare ya—

- (a) dithekišo ka moka tša morafi tša ngwaga woo tša mabapi le methopo ya diminerale tše di hlwekišitšwego; gomme

- (4) (a) For purposes of determining "earnings before interest and taxes" in the case of a composite of refined mineral resources and unrefined mineral resources, the refined and unrefined proportions of the composite mineral resource must be determined in accordance with a method of reasonable apportionment that is consistently applied. 25
- (b) For purposes of determining "earnings before interest and taxes", if the value of the refined proportion of a composite mineral resource as determined in terms of subsection (1) does not exceed 10 per cent of the total value of that composite mineral resource, that composite mineral resource may be treated solely as an unrefined mineral resource, and if the value of the unrefined proportion of a composite mineral resource as so determined does not exceed 10 per cent of the total value of that composite mineral resource, that composite mineral resource may be treated solely as a refined mineral resource. 30
- (5) For purposes of this section, if "earnings before interest and taxes" is a negative amount that amount is deemed to be nil.
- Gross sales**
6. (1) Gross sales in respect of a refined mineral resource transferred— 35
- (a) as mentioned in paragraph (a) of the definition of "transfer" in section 1 in the condition specified for that mineral resource in Schedule 1 is the amount received or accrued during the year of assessment in respect of the transfer of that mineral resource;
- (b) as mentioned in paragraph (a) of the definition of "transfer" in section 1 in a condition other than that specified for that mineral resource in Schedule 1 is the amount that would have been received or accrued during the year of assessment in respect of the transfer of that mineral resource had that mineral resource been transferred in the condition specified in Schedule 1 for that mineral resource in terms of a transaction entered into at arm's length; and 40
- (c) as mentioned in paragraph (b) or (c) of the definition of "transfer" in section 1 is the amount that would have been received or accrued during the year of assessment in respect of the transfer of that mineral resource had that mineral resource been transferred in the condition specified in Schedule 1 for that mineral resource in terms of a transaction entered into at arm's length. 45

**Act No. 28, 2008****MINERAL AND PETROLEUM  
RESOURCES ROYALTY ACT, 2008**

- (c) any other person at any time during that year holds the right to participate (directly or indirectly) in more than 50 per cent of the profits of the extractor and more than 50 per cent of the current or accumulated profits of any other extractor; or
- (d) the extractor is a registered person mentioned in section 4 of the Administration Act. 5

**Exemption for sampling**

**8.** An extractor is exempt from the royalty imposed in respect of mineral resources won or recovered by the extractor for purposes of testing, identification, analysis and sampling mentioned in section 20 of the Mineral and Petroleum Resources Development Act pursuant to a prospecting right or an exploration right as defined in section 1 of that Act if the gross sales in respect of those mineral resources does not exceed R100 000 during a year of assessment. 10

**Rollover relief for disposals involving going concerns**

**9.** (1) For purposes of this Act a disposal of a mineral resource by an extractor that forms part of the disposal of a going concern, or of a part of a going concern which is capable of separate operation, by that extractor to any other extractor is deemed not to be a disposal. 15

(2) For purposes of this Act an extractor that acquires a mineral resource in terms of a disposal mentioned in subsection (1) is deemed to be the extractor that won or recovered the mineral resource. 20

**Transfer involving body of unincorporated persons**

**10.** (1) Notwithstanding any other provision in this Act, an unincorporated body that is registered as a person under the Administration Act—

- (a) is deemed to be an extractor while that registration remains in effect; and 25
- (b) is subject to the royalty as if that body were an extractor separate from its members, in respect of mineral resources won, recovered or transferred by that unincorporated body after taking into account any earnings before interest and taxes associated with those minerals as well as the application of any other provision of this Act bearing on the royalty determination in respect of those 30 mineral resources.

(2) Notwithstanding any other provision in this Act, to the extent that any member of an unincorporated body mentioned in subsection (1) is acting in a capacity other than as a member of that body, that member is subject to the royalty as if that member were an extractor separate from that body in respect of mineral resources won, recovered or transferred by that unincorporated body after taking into account any earnings before interest and taxes associated with those minerals as well as the application of any other provision of this Act bearing on the royalty determination in respect of those mineral resources. 35

(3) On the date of the election made in terms of section 4(1) of the Administration Act, the members of an unincorporated body mentioned in that section are deemed to have transferred the mineral resources to be disposed of by that body, which had been won or recovered by those members. 40

(4) On the date on which an unincorporated body terminates the election in terms of section 4(6) of the Administration Act, the unincorporated body is deemed to have transferred the mineral resources won or recovered by the unincorporated body to the members of that unincorporated body. 45

### Go saena ditumelelano tša maemo a makaone a ditšelete

**13.** (1) Tona ya Ditšelete a ka saena tumelelano ye e llamago le morafi— 55

- (a) ya mabapi le tokelo ya morafi ya go rafa methopo ya dimineralo; goba
- (b) ka go emela gore morafi a hwtše tokelo ya go rafa methopo ya dimineralo,

that guarantees that the terms and conditions contemplated in section 14 apply in respect of the right for as long as the extractor holds the right (and for all participating interests subsequently held by the extractor in respect of the right).

(2) A binding agreement relating to the anticipated acquisition of a mineral resource right contemplated in subsection (1)(b) has no force and effect unless the mineral resource right is granted within one year after the date on which the Minister of Finance concludes the binding agreement.

(3) If an extractor disposes of a prospecting right or an exploration right granted under the Mineral and Petroleum Resources Development Act to another person, and the right is subject to a binding agreement mentioned in subsection (1) on the date of the disposal, the extractor may assign all the rights held by the extractor under the agreement to the other person.

(4) If an extractor disposes of a mining right or a production right granted under the Mineral and Petroleum Resources Development Act to another person, and the right is subject to a binding agreement mentioned in subsection (1) on the date of the disposal, the extractor may assign all the rights held by the extractor under the agreement to the other person, if both the extractor and the other person form part of the same group of companies (as defined in section 1 of the Income Tax Act) on the date of the disposal.

(5) An extractor that concludes a binding agreement mentioned in subsection (1) may unilaterally terminate the agreement at any time with effect from the day after the last day of the year of assessment during which the extractor terminated the agreement.

(6) For purposes of this section—

- (a) a prospecting right, a renewal of the prospecting right and an initial mining right converted from a prospecting right or renewal thereof held by an extractor; and
- (b) an exploration right, a renewal of the exploration right and an initial production right converted from an exploration right or renewal thereof held by an extractor,

are, to the extent that those rights relate to the same geographical area, all deemed to be one and the same mineral resource right in the hands of the extractor.

(7) The powers conferred and the duties imposed upon the Minister of Finance by the provisions of this section may be exercised or performed by the Minister personally or delegated by the Minister to the Director-General of the National Treasury and the Director-General may in turn delegate the powers and duties so delegated to him or her to any officer or person under his or her control, direction or supervision.

(8) For purposes of this section “mineral resource right” means a prospecting right, exploration right, mining right or production right granted pursuant to the Mineral and Petroleum Resources Development Act, and includes any lease or sublease mentioned in section 11 of that Act in respect of such right.

**14.** (1) An amendment of section 4 has no force and effect in respect of an extractor that is party to an agreement contemplated in section 13(1) if the amendment has the effect that the extractor becomes subject to a royalty which is greater than the royalty to which the extractor would otherwise have been subject.

(2) If the State fails to comply with the terms of an agreement contemplated in section 13(1) and the failure has a material adverse economic impact on the determination of the royalty payable by the extractor that is party to that agreement, the extractor is entitled to compensation in respect of the increase in the royalty caused by the failure (and interest at the prescribed rate calculated on the compensation from the date of the failure) or to an alternative remedy that eliminates the full impact of the failure.

<b>Mineral resource name</b>	<b>Refined condition</b>
Cobalt	Cobalt is refined once processed into cobalt metal or cobalt sulphate. 99.5 % refined
Copper	Copper is refined once processed into copper metal slabs, blister copper or cathode copper of at least 99.0 % purity.
Germanium	99.99% refined product
Gold	Refined and smelted to a 99.5 % purity
Lead	Lead is refined once processed into bars and billets containing at least 99.0 % pure lead.
Lithium	99.5% LiCO <sub>3</sub> in concentrate (lithium carbonate)
Mercury	99.9% purity
Nickel (Base metal)	Nickel is refined once processed into a metal, or other form (e.g. ferro nickel, nickel metal or nickel sulphate). 99.5% purity
<b>Platinum Group Metals</b> (iridium, palladium, platinum, rhodium, ruthenium and osmium)	Refined and smelted to a 99.9 % purity
Molybdenum	99.99% refined product
Silicon	98.5% Si
Silver	Silver is refined once processed to silver metal or silver nitrate. 99.5% refined
Talc	98.5% and minus 325 µm mesh
Zinc	Zinc is refined once processed into zinc metal, plates or slabs containing at least 98.5 % pure zinc.
