NOTICE 1399 OF 2001**PENSION FUNDS ACT, 1956, LONG-TERM INSURANCE ACT, 1998, SHORT-TERM INSURANCE ACT, 1998****REQUIREMENTS IMPOSED BY THE FINANCIAL SERVICES BOARD FOR NOMINEE COMPANIES TO OPERATE IN SOUTH AFRICA**

1. I, Jeffrey van Rooyen -

- (1) Registrar of Pension Funds;
- (2) Registrar of Long-term Insurance;
- (3) Registrar of Short-term Insurance;

hereby publish for notification under -

- (a) section 5(3) of the Pension Funds Act, 1956 (Act No. 24 of 1956);
- (b) section 34(1)(b) of the Long-term Insurance Act, 1998 (Act No. 52 of 1998);
- (c) section 33(1)(b) of the Short-term Insurance Act, 1998 (Act No. 53 of 1998);

the requirements imposed by the Financial Services Board for nominee companies to operate in South Africa as set forth in the Schedule hereto.

2. This Notice comes into operation on 1 June 2001.

J VAN ROOYEN

REQUIREMENTS IMPOSED BY THE FINANCIAL SERVICES BOARD FOR NOMINEE COMPANIES TO OPERATE IN SOUTH AFRICA

1. COMPLIANCE REQUIRED

- 1.1 Long-term insurers, short-term insurers and pension funds may not register or hold any of their assets in nominee companies without the prior written approval of the Registrar of Long-term Insurance, the Registrar of Short-term Insurance or the Registrar of Pension Funds of that nominee company, as the case may be.
- 1.2 If the nominee company intends to hold clients' scrip and cash in the Share Transactions Totally Electronic (STRATE) environment, it must be approved by one or more of the Registrars mentioned in 1.1 if it will hold assets on behalf of an insurer or pension fund, and also needs to comply with the requirements in terms of the rules of STRATE.
- 1.3 Applications in terms of 1.1 and/or 1.2 above, have to comply with the requirements as discussed below.

2. AUTHORITY

The authority of the Registrar concerned is derived from the following legislation:

- 2.1 in the case of long-term insurers, section 34(1)(b) of the Long-term Insurance Act, 1998;
- 2.2 in the case of short-term insurers, section 33(1)(b) of the Short-term Insurance Act, 1998; and
- 2.3 in the case of pension funds, section 5(3) of the Pension Funds Act, 1956.

3. PRINCIPLES WHICH UNDERLY THE MAINTENANCE OF REGISTERS OF OWNERSHIP

In terms of the Companies Act, 1973 only a central securities depository, such as STRATE Ltd, may maintain a register of ownership of uncertificated listed securities and only Central Securities Depository Participants (CSDPs) may maintain a sub-register of such ownership.

In terms of the rules of STRATE a nominee company may not appear in a sub-register maintained by a CSDP unless the Registrar as defined in the Custody and Administration of Securities Act, 1992 has approved such nominee in terms of the said Act.

The nominee register (sub-sub register) is the sole record of beneficial ownership by the nominee register users as a share certificate is no longer *prima facie* evidence of ownership in a STRATE approved listed security in terms of the Companies Act, 1973.

The responsibilities of and risks associated with operating a nominee register in this new electronic environment are therefore greater than before. Its accuracy, timeous updating, security from error or manipulation and the necessity to have real time disaster discovery are essential for anyone operating a nominee register.

This means that all the necessary controls and procedures need to be in place before anyone could apply in terms of these requirements and also presupposes that any applicant would comply with the capital adequacy requirements as laid down by the Registrar from time to time.

4. APPLICATION PROCEDURE

4.1 An application for approval of a nominee company to hold assets on behalf of either a long-term insurer, short-term insurer or pension fund, shall be lodged with the Financial Services Board ("FSB"), PO Box 35655, Menlo Park, Pretoria, 0102. The nominee company must clearly indicate whether it will participate in the STRATE environment. If the nominee company will hold assets on behalf of more than one of the afore-mentioned institutions, only one application needs to be lodged, although separate approvals in terms of the applicable legislation will be granted by the Registrar(s) concerned should the application be successful.

4.2 An application of a nominee company that will participate in the STRATE environment and which will not hold assets on behalf of a pension fund, a long-term insurer or a short-term insurer must be lodged with the FSB as well, to establish whether the nominee company meets the requirements contained in this document.

4.3 The FSB may appoint an independent body to process the applications.

ANNEXURE B

FINANCIAL SERVICES BOARD

**QUESTIONNAIRE FOR THE APPROVAL
OF NOMINEE COMPANIES**

Introduction

The move to the new methodology of rolling contractual settlement in an electronic environment is a major paradigm shift for all the role players.

New concepts are introduced such as the sub-registers recording ownership of securities controlled and maintained by Central Securities Depository Participants (CSDP's) and nominee registers not controlled and maintained nominee companies not wholly owned by CSDP's.

Many nominee companies currently act as custodial agents for their clients. However, in view of the changing nature of these responsibilities it has become necessary to re-evaluate the adequacy of systems, people, services and capital to be able to operate as nominees for clients in the new electronic environment.

The criteria that will be necessary to qualify as a nominee company, are the ability to assure "continuity of business and the total protection of clients assets" in this new environment.

This questionnaire has been prepared for holding companies who wish to apply to the Financial Services Board (FSB) in terms of the Custody & Administration of Securities Act, 1992 for permission to operate nominee registers and control clients' scrip, whether in physical or dematerialised form in the STRATE environment. **However, this questionnaire must also be completed by applicants that will not participate in the STRATE environment but which will hold assets on behalf of either a long term insurer, short term insurer or a pension fund. By completing the questionnaire the afore-mentioned applicants must indicate the requirements that are not applicable to them.**

The questionnaire has been designed with the six KEY OBJECTIVES presented by the FSB, all of which will have to be satisfied before a holding company will receive authorisation to operate nominee registers and control clients' scrip.

These six KEY OBJECTIVES are supported by factors to be considered. The responses to the questions posed are designed to determine whether or not the KEY OBJECTIVES are satisfied. A negative response to any one or more questions may not, in itself, be indicative that the KEY OBJECTIVE is not achieved.

It is anticipated that, in most instances, the FSB will arrange a meeting with representatives of the holding company applying to operate a nominee register after it has reviewed the completed application and prior to finalising the application, to ensure that any outstanding issues are clarified.
