[Repealed by [Directions on Measures to Address, Prevent and Combat the Spread of COVID-19 in the Public Transport Services, 2020 \(Government Notice of 2020\)](#) on 22 July 2020]

I, Fikile Mbalula, MP, Minister of Transport, in terms of regulations 4(7), 20(1) read with regulation 20 (2) of the Regulations after consultation with the Cabinet members responsible for cooperative governance and traditional affairs, health, police and justice and correctional services issued in terms of the Disaster Management Act, 2002 ([Act No. 57 of 2002](#)), hereby issue the directions set out in the Schedule 1 hereto to address, prevent and combat the spread of the COVID-19.

F.A. Mbalula, MP

Minister of Transport

1. Definitions

In these directions, any word or expression bears the meaning assigned to it in the National Land Transport Act, 2009 or its regulations, unless the context otherwise indicates-

"**COVID-19**" means the Novel Coronavirus (2019-nCov2) which is an infectious disease caused by a virus that has previously not been scientifically identified in humans, which emerged during 2019 and was declared a global pandemic by the World Health Organization in 2020;

"**Disaster Management Act**" means Disaster Management Act, 2002 ([Act No 57 of 2002](#));

"**public transport facility**" means any rank, train stations, terminal or any facility which may be used for public transport purposes;

"**public transport vehicle**" means a motorcar, minibus, midibus and bus as defined in terms of the Act;

"**the Act**" means the National Land Transport Act, 2009 ([Act No. 5 of 2009](#)).

2. Authority

- (1) Section 26(2)(b) of the Disaster Management Act, 2002 provides that a national disaster, once declared, must be managed in accordance with existing legislation, as well as contingency arrangements as amplified by disaster management regulations or directions issued in terms of section 27(2) of the Disaster Management Act, 2002.

- (2) These directions are issued pursuant to the provisions of section 27(2) of the Disaster Management Act, 2002 and specifically in terms of Regulations 4(7), 20(1) and (2) of the Disaster Management Regulations 2020 to provide for measures necessary to manage COVID-19. These directions are valid for the duration of the declared national state of disaster.

3. Purpose of the directions

The purpose of the directions is to provide for:

- (a) Improved hygiene control and disinfection facilities on all public transport vehicles and public transport facilities including ranks, terminals and train station;
- (b) Embarkation of passengers in public transport vehicles;
- (c) Prohibition of certain public transport service during alert level 4;
- (d) Public transport operating times;
- (e) Loading capacity of public transport vehicles (sedan, e-hailing, meter taxis, shuttle services, chauffeur driven vehicles minibus, midibus and buses);
- (f) Validity period for all public transport operating licences; and
- (g) Enforcement of these directions.

4. Application of the directions

These directions are applicable to all public transport services and facilities.

5. Provision of improved access and hygiene, disinfection control on all public transport facilities

- (1) All owners of public transport facilities must on regular intervals sanitise their facilities and provide adequate sanitisers or other hygiene dispenser for washing of hands and disinfection equipment for users of public transport services for the duration of the directions.
- (2) Owners of public transport facilities must put measures in place to adhere to physical distancing to curb the spread of the virus.

6. Embarkation of passengers in public transport vehicles

- (1) All operators must ensure that public transport vehicles are sanitized before picking up and after dropping off passengers.
- (2)
 - (a) Operators must ensure that all public transport vehicles' doors and window handles, arm rest and hand rails are sanitized after every load; and
 - (b) Passengers must be encouraged to sanitise after they enter the vehicle and after getting off the vehicle.
- (3) Operators must ensure that all public transport vehicles are clean and tidy.
- (4) All public transport operators must provide disinfection information materials and procedures.
- (5) All drivers must wear a cloth face mask or a homemade item that covers nose and mouth.

- (6) Any marshal or security officer who interacts with members of the public in a public transport facility must wear a cloth face mask or a homemade item that covers nose and mouth.
- (7) The sanitisers used to sanitise all public transport vehicles must have a minimum of 60% alcohol content.
- (8) No person will be allowed to use any form of Public Transport or enter a building, place or premises if they do not wear a cloth face mask or a homemade item that covers nose and mouth.
- (9) All public transport operators must put measures in place to adhere to physical distancing to curb the spread of the virus.

7. Inter-provincial public transport

Long distance provincial public transport is permitted for a person permitted to travel between provinces in terms of the Alert Level applicable.

[direction 7 substituted by [Government Notice 614 of 2020](#)]

8. Public transport operation

- (1)
 - (a) Intra-provincial, metropolitan areas and districts public transport is permitted to operate.
 - (b) The transportation of persons rendering essential or permitted services must be in line with the operating shifts or work time schedules as determined by the responsible head of operations, Manager or Head of Department of an institution or a person with responsible authority within such institution; and
 - (c) The use of transport for food delivery services is permitted.
- [direction 8(1) substituted by [Government Notice 504 of 2020](#) and direction 8 substituted by [Government Notice R587 of 2020](#)]*
