[This is the version of this document from 5 April 2022.]

I, Dr Mmaphaka Tau, in my capacity as Head of the National Disaster Management Centre, after having re-assessed the magnitude and severity of the COVID-19 disease and consultation with the National Disaster Management Advisory Forum, and following the termination of the national state of disaster by the Minister of Cooperative Governance and Traditional Affairs, give notice that the National Disaster Management Centre hereby revokes the classification of the COVID-19 pandemic as a national disaster.
